

## THE NEW BMW 330E PHEV SALOON.

The new BMW 330e PHEV Saloon features innovative BMW eDrive and EfficientDynamics technologies which provide impressive levels of performance and efficiency. This new model brings the benefits of a Plug-in Hybrid Electric Vehicle (PHEV) such as a low CO<sub>2</sub> figure from 44g/km and a combined fuel consumption of up to 148.7mpg, but with the dynamic ability and acceleration of a high performance 3 Series Saloon using a combination of electric and petrol drivetrains. In eDrive mode the 330e PHEV Saloon can travel up to 25 miles and up to a maximum speed of 75mph on electric power alone.
